Biography.

Gipson Edgar Carpenter was the second son of the late Capt. Robt. W. Carpenter and wife, pioneer settlers in the Bethany community, in South Collin, northwest of Plano. He was born and reared in South Collin. He took advantages of the public schools of his time, attending the old Spring Creek school, and in 1875 started to college at Thorp Springs, while Add-Rann College, under the leadership of the beloved Addison and Randolph Clark while it was a young and struggling educational institution. As there were six other brothers in the Carpenter family with which to share, G. E. returned home during the 1876-'77 term that his brother, John H. Carpenter, might attend college. He returned, however, the following year and graduated in 1878. In the same year he married Miss Lula Bush, daughter of the late Capt. Bush and wife of near Allen.

Because of his exceptional scholarship and character, Mr. Carpenter was asked to return in the capacity of a member of the faculty. He returned in 1880 and taught Latin for four years until 1884, when he returned to Collin county. Here he spent the next five years farming, teaching school at the old Bethany school house, and at the same time reading law. In 1891 he was admitted to the bar, and began the practice of his profession in McKinney. He served as assistant County Attorney under Judge G. R. Smith and was later elected to City Attorney of McKinney. He continued practice in that city until 1898, when he moved to Plano. Meanwhile his wife passed away, and in 1895 he was married to Miss Cyrene King. To this union were born three children, two sons and one daughter. The eldest son, J. C. Carpenter, attended Texas Christian university, and graduated from his father's alma mater 44 years later in 1922. He is now a teacher of physics and chemistry in Terrell High school. G. E. Carpenter, Jr., is with the Bank of Commerce of Dallas, and the daughter, Mrs. Evelyn Graves, lives in Plano. He is also survived by two granddaughters.

After moving to Plano Mr. Carpenter enjoyed a lucrative law practice, and recently, on account of ill health retired after more than 40 years of untiring and helpful service to the people. His Christian life of service was an inspiration to his fellow men.

Mr. Carpenter had served his city in an official capacity, having served as a member of the City Council and as city attorney, and later serving Plano for several years as mayor. He also served as Justice of the Peace of Precinct No. 5 for several years.

In 1928, Texas Christian university celebrated its fifty-fifth anniversary, and at that time the college year book, the Horned Frog, featured the development of the college. As a gift, the editors sent Mr. Carpenter an annual, in which appeared his picture, stating that he was the oldest living graduate of Add-Rann college. At the time he was 71 years old, and he had a letter from the youngest graduate of the class, who was 17 years old. He was honored by being asked to address the alumni meeting of Add-Rann college in 1892.

Besides the Hon. G. E. Carpenter, who was the oldest living graduate of the college, each year a number of students from Plano and nearby flocked to Thorp Springs. The late Dr. J. D. Carpenter of Frisco and John H. Carpenter, brothers of G. E. Carpenter, were students there.

Mrs. Will Moreland of Altoga visited in the county seat Saturday. Mrs. Moreland says that cotton picking is well up in her community.

GABE P. ALLEN IS NEW GRAND MASONIC ORATOR

APPOINTED TO FILL VACANCY BY GRAND MASTER HUGHSTON

HONORABLE GABE P. ALLEN
Dallas, Texas

Judge Wallace Hughston of McKinney, Most Worshipful Grand Master of the Grand Lodge of Texas, A. F. & A. M., has announced the appointment of Honorable Gabe P. Allen of Dallas as Grand Orator for the Texas Masonic Grand Lodge which meets at Waco in its ninety-eighth Annual Communication on the first Wednesday in December. Mr. Allen's appointment was made necessary by the resignation of H. S. Davis of McKinney who was appointed to position of Grand Orator last December. On account of Mr. Davis, who recently accepted a position with one of the departments of the U. S. Government having been transferred to a West Texas city, he will not be able to be present at the coming session of the Grand Lodge.

Mr. Allen, who succeeds to the position vacated by the resignation of Mr. Davis, is a well-known member of the Dallas Bar. He is a Past Master of Dallas Lodge and served as District Deputy Grand Master under Judge James W. McClendon's administration as Grand Master in 1931. He is a member of all Masonic rites and a recognized leader in Blue Lodge work. He is an able speaker and is familiar with the fundamentals of Freemasonary. In accepting the appointment made by Grand Master Hughston, Mr. Allen simply remarked that he would do the best he could to discharge the duties of Grand Orator as he has always accepted any Masonic responsibility placed upon his shoulders.

FIRE PREVENTION PLAY GIVEN AT JUNIOR HIGH

Pupils of all grades of L. A. Scott Junior High school presented a short drama Monday morning in chapel exercises. The play was in keeping with Fire Prevention week, observed here last week. It was in the order of a trial. Pupils represented fire hazards such as gasoline, gas, matches, defective chimneys and other hazards. A judge and a jury headed the cast. Other court officials were the district attorney, counsel for the defense, clerk and others.

Carelessness was brought in at the last moment and was proved guilty for the acts of the others. Mrs. E. Y. Wolford and Miss Graves, teachers in the Scott Junior High, directed the play.

W. L. Magers, father of Mrs. John B. McKinney, living north of McKinney, observed his seventy-eighth birthday Tuesday. He was born October 17, 1855, in Lincoln county, Tennessee. He was married to Miss Litta A. Parr, on June 17, 1875. They came to Texas in 1883. He and his good wife have been married 58 years. They own a home on Christian street in McKinney, but for several years have called Alvord their home as they have three children living there. Mrs. Magers is not at all well. She is there now at the home of their daughter, Mrs. Whitaker.

Miss Katy Joplin has returned to Dallas after spending two or three weeks here, convalescing from an operation to which she recently submitted. She is a daughter of R. A. Joplin of this city.

Mrs. John W. Noble of Garden City, Kansas, is a guest of her daughter, Mrs. Beverly Robinson and husband, here.

Former Sheriff Ed Blakeman, motored over to Arlington Downs, being accompanied by Col. Dick DeArmond, Chas McKinney and Ed Bell. Ed had a fine day, lost the same amount.

Lyon-Gray Co. Victim Hijackers

Theft Discovered After Men Make Their Getaway

A nimble fingered theft was put over in McKinney about 4:30 o'clock Tuesday afternoon in which a local firm, the Lyon-Gray Lumber company, came out loser to the amount of $27.00 cash.

According to H. H. Standley, manager, three men drove up to the front of the lumber yard on North Chestnut street and stopped. Two came into the office while one remained in the car. One of the two asked to be shown some shingles and while Mr. Standley was out in his lumberyard showing and pricing him the stock the other man left in the office presumably drew the money from the cash drawer which loss was not discovered by Mr. Standley for a few minutes after the trio had driven away and disappeared. Mr. Standley notified the sheriff's office and described the men as one being about 35 while the other two appeared to be youths of about 18. All three were fairly well dressed. All three were total strangers to the lumberman.

Officers are investigating the case but so far no results have been obtained or at least reported.

LITTLE 25-CENT CLASSIFIED AD WORTH $240

A. J. Jones, an excellent farmer of the Princeton community, was in McKinney Tuesday. He informed us that in coming to town a few days ago he found a pocketbook lying on the highway coming up the hill towards McKinney at the Dink Meador farm four miles east of town. The pocketbook contained $240 cash. Mr. Jones came right on in to McKinney and placed a little twenty-five cent classified ad in our columns for two days in both the daily and one time in the weekly. In the course of two or three days later, the owner, who lives northeast of Celeste, Hunt county, called to see Mr. Jones, described the pocketbook and the amount of money in it to the satisfaction of the finder, who was happy to turn over the amount to its rightful owner who had dropped the pocketbook out of his pocket while changing a flat tire at the point where the money was found. The owner of the money did not miss his pocketbook until he got to his destination at the home of a relative south of Plano. He saw the ad in our paper and, of course, immediately hunted Mr. Jones up at the latter's home about two miles north of Princeton and recovered his cash.

He and Mr. Jones both believe now more firmly than ever in the efficacy of printer's ink. Although the ad cost Mr. Jones only twenty-five cents, the owner of the money insisted that he take $10 which Mr. Jones declined to receive, wanting only the twenty-five cents refund for the classified advertisement. However, the happy owner made him take a $5 bill.

LAME DUCK AMENDMENT NOW IN EFFECT

The twentieth amendment to the constitution abolishing the lame-duck session of congress becomes effective Sunday with two unique records in American history.

Besides changing the dates for the inauguration of the president and the beginning of congressional sessions, the amendment established a record for being the only change in the constitution that had the unanimous approval of the 48 states. The speed of the ratification set another mark.

Sponsored by Senator Norris, Nebraska republican independent, the amendment was passed by the senate six times before the house had a chance to vote on it. For a decade, republican leaders in control of the house blocked a vote on the amendment because it provided for two indeterminate sessions of congress each two years, but after the democrats took over that branch in December, 1931, it was approved.

Carl Tarry Flanery and Miss Rosa Lee Applin, residing northeast of McKinney, were married here Saturday by Justice of the Peace Erwin Chase. The ceremony was performed in the Justice's office.

Bearcats To Invade McKinney

Sherman Team Not So Heavy; Play Here Friday Night

A green and light club will represent the Sherman Bearcats in the District 6 race which gets under way Friday night at McKinney, according to information received here. Only four lettermen are listed on the Cat roster, and only three of these were with the Cats in 1932, the other being a hold-over from the 1931 season.

The Cats have won one game, tied one and lost two in their non-conference starts, and have scored only 13 points, while the opposition has counted 31 times. The Cats have failed to show an offensive that would function when in scoring territory, showing a tendency to fumble and a failure to block.

Wilson McConnell, letterman in 1931, is the sparkplug of the backfield, but Captain Frank Guzick is a valuable blocking and defensive man. Both McConnell and Guzick are good passheavers and do most of the passing. Jack Vestal, at fullback, carries on the plunging attack for the Cats and does his share of blocking. At the other halfback post, Howard Vincent, Charles Yates, J. W. Higgs, or Vernon Caldwell are liable to be used, Vincent has shown some good running ability and is a good defensive man. The others are equally as good as Vincent and all have been used to date.

Raymond Vick and Captain Marion Muse are the lettermen in the line, both playing tackle. Kenneth Clinton, Jack Harliss and Tom Simmons are reserves who will see service at the tackle posts during the year.

Sam Tate, James Stone, James Jolly and Joe O'Conner are a quartette of guards who will do all the dirty work at those posts during the season. Tate and Stone have been starting all games to date, but Jolly and O'Conner have been seeing plenty of action.

Morrell Hampton has been starting at center in place of Cleveland Barker who had his thumb broken in the Oak Cliff game. Barker has returned to the squad and will see action in the remaining games on the schedule unless further injuries take him from the squad.

At ends, Howard Slayden and Joe Jackson seem to be the starting pair, though Haskell Sewell and Joe Davis are sure to be used in all the games. Slayden has developed into a great pass receiver and is one of the best defensive men on the club. Jackson has shown a tendency to be weak on the defense, but Sewell has stepped in and more than filled the post when Jackson was taken out.

The McKinney-Sherman game will be called Friday night, Oct. 20, at 8 o'clock at Newsome field in this city.

R. L. Gallagher Is Wylie Real Estate Dealer

While on a brief visit in Wylie recently, this editor was a caller in the real estate office of R. L. Gallagher. For several years, Mr. Gallagher has been following his line of business, buying, selling or taading in almost anything in the way of real estate or other property and devoting himself to collections, rental business and farm loans.

Mr. Gallagher was born at Dump, November 10, 1874, but has lived in Wylie nearly twenty years. His parents, the late John Gallagher and wife, settled in the old St. Paul community seventy-seven years ago. Both of them are buried in the St. Paul Catholic cemetery.

Mr. Gallagher has a business card that he passes out naming the sort of business that he is in and giving this information about his home town: "Wylie, twenty-five miles from Dallas, on Highway 78, the land of onions, cotton, grain, hay, fine cattle, hogs, chickens, good schools and a modern little city." These editors have appreciated the friendship of Mr. Gallagher for many years. He is one of county's honored and useful citizens.

Mrs. Ernest Burrows returned to her home in San Antonio today after a week's visit with her parents, Mr. and Mrs. T. C. Martin.

Mrs. Henrietta Housewright of Wylie remits a dollars still to pay for the Weekly Democrat-Gazette for another year in advance.

M'KINNEY WOMAN OBSERVES HER 90TH BIRTHDAY

MRS. J. W. SPENCER BORN OCT. 15, 1843, IN MISSOURI

Mrs. J. W. Spencer, residing with her daughter, Mrs. J. Warren Jones, 502 South Chestnut street, observed her nintieth birthday Sunday, October 15. This beloved old McKinney mother is a native of Missouri where she was born Oct. 15, 1843, but has been a resident of McKinney for many years. Her husband passed away many years ago and is buried in Pecan Grove cemetery in this city.

Despite her advancing years, this McKinney nonogenarian is active in body and mind. She keeps up with the events of the day through newspapers and magazines and especially makes it a point to read all available Christian literature she can obtain. Her children and grandchildren have provided her with a nice radio over which she can hear some of the state's leading ministers on Sundays as well as on week days. She, of course, takes great delight in listening to these spiritual messages.

Physically she is holding up well, being able to partake of three hearty meals daily. All of her life has been lived for others and even in her more advanced years she is taking active interest in her friends and neighbors. For several years she has been piecing quilts which she gives to the local charity forces to be given to worthy persons. She pieces these quilts herself. At present she is just finishing up a quilt which she intends to give to some worthy family in McKinney. Perhaps no McKinney woman has lived a more consecrated, active and worthwhile life than has Mrs. J. W. Spencer. On her nintieth birthday many of her relatives and friends took occasion to call to wish her many more such happy events.

DUNN'S JERSEY AUCTION SALE AT SHERMAN

W. R. Dunn and Sons of Sherman recently held a dispersal sale of their splendid herd of registered Jersey cattle. Results as reported in the Democrat of that city made an average of $93 per head on thirty-nine head that were put through the sales ring. Col. George Apple and Edgar Savage, both of McKinney, helped in the sales ring.

◆ ◆ ◆

FROM THE DEMOCRAT

An average price of $93, a few dollars above the prevailing auction sale average, was realized in the dispersal sale of 39 imported and island bred Jersey cattle at Dundale farm Monday afternoon, when W. R. Dunn and Son gave their valedictory to the Jersey business.

The top price was $240, paid for Bartley's Prundence, a cow which won the champion's ribbon at the Fort Worth fat stock show in 1932. The catalog of 39 animals brought a total of $3,627.

The senior herd sire, Blondeville Volunteer, was purchased by Jewell Hardy, and the junior herd sire, Poppy's Stylish Bindle, went to Bryan Gentry of Hobart, Okla.

Ed Heriff of Oklahoma City was auctioneer. Eugene Thompson of Tulsa, Okla., was in charge of the ring and was assisted by George Apple of McKinney, Edgar Savage, McKinney, and C. P. Wenzel, Sherman, led the animals into the ring.

Purchasers included Ruby Copeland of Denton, who bought the largest list, taking eight; R. L. Johns of Neches, who took four, and the following buyers who took one or two: Mr. Gentry, Jack Holmes, Durant, Okla.; J. E. Todd, Neches; Emmett Essin, Mr. Hardy, Mr. Wenzel, Sherman, Reed and Butler, Trenton; C. E. Proctor, Bristol, Va.; George Shields, Denison; Harrison Davis, Dorchester; S. P. Davis, Pottsboro; J. B. Watts, Gainesville; Baxter Barr, Gunter; Howard Blount, Bonham; B. Hardwood, Fort Worth; Bob Parrish, Enid, Okla.; W. T. McLane, Greenville; Ferd Moore, Sherman, and L. E. Cooper, Tulsa.

Mrs. Dewey Brandt and fine little son, Jack, of Houston, left McKinney Wednesday morning for their home in that city after a week's visit to their father and grandfather, Editor F. C. Thompson in McKinney, and also her brother and sister, Editor Thompson has been confined to his room for four or five days with a swollen ankle. However, the inflamed condition of the member has receded, and he will be able to be back at his desk in the Examiner office again right away. Mrs. Brandt was formerly Miss Frances Thompson who was born and reared here and taught school up to the time of her marriage.

However, he had been in frail health for six or seven years. He made his home with his daughter in Fort Worth, but had been visiting for about six months at the home of his son and wife in St. Louis when he passed away.

◆ ◆ ◆

Former McKinney Merchant.

The deceased, John C. Cooke, was born, July 16, 1862, at Athens, Tennessee, being in his 72nd year. He was the son of Robert Cooke and wife. When he was a child, the family moved to Cooke county. When a young man, he came to Allen to clerk in the George Mountcastle Dry Goods store, later moving to McKinney with the Mountcastle store and lived here for more than thirty years. He was later connected with the Aaron Dry Goods store at McKinney for many years and then with the J. D. Stiff Dry Goods company for a number of years.

He was married here in 1888 to Miss Betty Fitzhugh, daughter of the late Sol Fitzhugh and wife and a sister of the late J. G. Fitzhugh, a former McKinney banker. His wife died, May 15, 1922.

Besides being active in the mercantile business at McKinney for many years he was also a worker in the Chamber of Commerce and a former director of that organization here for a number of years. He assisted in organizing the Collin County Old Settlers and Ex-Confederates Picnic and Reunion Association and held official position in that organization which he helped to manage for a number of years. He was a Mason, and a member of the First Baptist church. Mr. Cooke was noted for his cheerful disposition and exceeding cordiality towards everyone, making him one of our most popular and best liked business men and civic workers during his long residence in McKinney. About fifteen or twety years ago he moved to Fort Worth. Quite a number of his old acquaintances and friends attended the funeral and burial. Many floral offerings attested to the esteem in which he was held. A number of friends came for the funeral from Dallas and Fort Worth.

The body arrived in McKinney about 10:30 o'clock Tuesday evening accompanied by Jesse F. Cooke, the son and wife. Mr. Cooke's niece, Mrs. Lee T. Eastham, met the funeral party at Denison and accompanied them on to McKinney.

Woodruff were in charge of the entertainment, which was informal but most enjoyable. Dr. R. L. Cowan is pastor of this church.

THURSDAY, OCTOBER 19, 1933.

Editor Marvin Smith of the Farmersville Times is of the opinion that a public whipping post would beat jail sentence any old time as a preventative of crime.

Prices should not be boosted faster than the buying power of the farmers improves. The NRA is trying to prevent that very thing being done, and we hope it will succeed.

Few school systems of McKinney's size send out as large a per cent of their graduates to college. An average of around forty to fifty per cent of its high school graduates continue their education in college.

Come to McKinney for your fall and winter shopping where there are many stores with varied stocks and plenty of competition to keep prices down to the lowest level of cost to you.

School days are on again. Children are swarming over town going to and coming from school and crossing streets. Motorists, therefore, should drive just a little more cautiously. Don't step on the gas in the vicinity of a school in either town or country.

Collin county has a few more than 6,000 farms. It would be a pretty good policy for every farmer to sow a few acres in wheat, oats, rye or barley every year to at least make his own bread and plenty of feedstuff for his own livestock and poultry.

In a recent speech delivered at the Lancaster Community Fair, Hon. Tom Connally, Junior United States Senator from Texas, declared that the Roosevelt Administration program has already shown remarkable results. He said that Democratic government is now functioning for the American people instead of special interests.

Many people past middle life sit tight in the rut into which they have fallen and refuse to keep step with progress. They refuse to entertain new ideas or to conform to modern methods and practices. Such people are to be really pitied, because they are inevitably left on the sideline by more progressive among their own age and especially by the younger people.

Judge T. C. Andrews, chairman of the State Board of Pardons, and wife visited their old McKinney home recently, as they were enroute back to the state capitol at Austin from a brief visit to a Century of Progress World's Fair, at Chicago. Judge Andrews is well qualified for the position to which Gov. Miriam A. Ferguson appointed him a few months ago for a term of six years.

A processing tax on wheat of 30 cents per bushel is collected from the miller by the government where the flour is made for the retail trade. But, if the grower is having it milled into flour for home consumption, the miller pays no tax. The Federal Agricultural Act also exempts the grinding or cracking of wheat for feed purposes from the processing tax.

Retail merchandising is better in McKinney now than for several years. We have big stores here, well stocked with quality goods. Merchants operate on a low margin of profit, and you cannot find more courteous treatment anywhere than from local merchants of every kind. McKinney wants your patronage and will show her appreciation to those who come to sell and buy.

Collin County appreciates the honor coming to Prof. Jack R. Ryan, superintendent of McKinney Public schools, in his recent election as chairman of the State Textbook Commission for the ensuing year. When the importance of the position and its responsibilities are considered, the taxpayers are to be congratulated when such well qualified educators are chosen whose business ability and integrity are both unquestioned and above reproach.

If this editor were not in the newspaper business, still he would urge McKinney merchants to advertise more in their local newspapers. These home papers circulate throughout the county and in this day of good roads and autos, potential trade exists over a much wider area for the alert, resourceful merchant. Printer's ink is the most important factor in a volume of trade if the merchant has the right kind of a stock of merchandise that is priced right.

Cotton picking, as the best remedy for the depression, should make old people feel young if the case of B. P. Hensley, 77, and S. R. Bridges, 81, both of Whitesboro, is a fair example. Hensley and Bridges have been demonstrating their belief in cotton picking as a "foundation of perennial youth" by harvesting an average each around 200 pounds of the fleecy staple per day for more than a week. Hensley's largest picking was 220 pounds per day while Bridges was over 160.

"Had President Roosevelt allowed conditions to remain static and had done nothing after entering the White House last March, it would have been a betrayal of confidence which the American people placed in him and in Congress," declares United States Senator Tom Connally of Texas. When Roosevelt assumed office, conditions were so tragic that [illegible] justified the drastic action he found it necessary to [illegible] and which are bringing the country out of the death [illegible] depression as the Texas statesman well says.

More Than 50 Rural Schools Seeking Aid

October 15 was the final date on which rural schools could make application for state aid. A visit to County Superintendent L. Dow Hendricks' office Monday morning revealed that 42 common and 10 independent school districts are seeking aid from this county this year, making a total of 52 asking for aid from the state.

There were 56 schools in this county who applied for aid last year. A few new names have been added to the roster of applicants due to the fact that schools with a fifty-cent school tax, exclusive of bonded indebtedness. Previously only schools with a 75-cent school tax were eligible to apply for state aid.

Young South Collin Farmer Visits McKinney

John D. Wells, a young farmer living on the place of his grandfather, W. H. L. Wells, veteran South Collin farmer and South pioneer citizen, was a McKinney business visitor Wednesday. He is of the opinion that a good rain would be beneficial to grain sown in his section of the county. He made about fifteen bushels of wheat per acre this year. He usually sows from 75 to 85 acres of wheat every fall, but is considerably cutting down that acreage this year. His grandfather, W. H. L. Wells, a Confederate veteran is 93, is still quite active. The grandson is very devoted to him and recently took him in his auto on a long trip to his old native home in Virginia where he held a family reunion with his five living sisters and only living brother, the latter residing at Dalhart, Texas. John D.'s other grandfather, John F. Dickerson, was also a pioneer farmer of the Renner settlement who died twenty-three years ago. He too was a Confederate soldier. THE CALLOWAY GROCERY STORE AND OWNERS

In going into Wylie from the east recently over Highway 78 from Farmersville, this editor had a pleasant visit at the Whiteway Grocery and Confectionery store of Dr. J. H. Calloway and wife. For a number of years Dr. Calloway was a veterinarian and practiced over a wide extent of territory around Wylie in every direction. However, he quit the practice eight or ten years ago. He and his good wife have a well stocked staple and fancy grocery store including cold drinks, tobaccos and cigars and are enjoying a fairly good business.

Dr. Calloway came to Wylie when he was only four years old and has lived there ever since. The brick building in which his store is located is owned by R. L. Gallagher. Dr. and Mrs. Calloway have a host of friends and customers which they have drawn to them by their honest methods of dealing and their obliging disposition.

Dr. Calloway is of the opinion that four-fifths of the cotton crop in the Wylie section of the count has already been gathered. He had two acres in onions this year from which he picked and shipped 295 crates and expects to pick two bales of cotton from the same land that was planted between the rows of onions.

MEDICAL ADVICE

If you want to

. . . keep the bowel action regular and comfortable
. . . make constipated spells as rare as colds
. . . avoid danger of bowel strain
—use a *liquid* laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice *and know.*

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you *can* overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

Why Hospitals use a *liquid* laxative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. *Will not irritate kidneys.*

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, *read the label.* If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Druggists have it, ready for use, in big bottles.

The "Blue Eagle" has a very real meaning here

For 31 years the Penney organization has been proving in actual service the soundness of today's "NEW DEAL."

This has a Special Meaning for Homes

The Penney "New Deal" has brought direct benefits to many millions of families . . . three generations of people.

These benefits . . . direct savings in money spent and the satisfaction in use which only honest merchandise provides . . . rest squarely on *economies of operation passed on to the customer.*

This did not take place overnight. It took time.

The national "New Deal," too, may require time before each one of us feels any direct benefit. But the purpose of the program provides just that . . . better opportunities, better conditions, lower taxes.

That means a lot to every family. But it demands cooperation and support.

The Penney "New Deal" is in effect now. It offers *values* for every member of the family. It offers, too, interested, thoughtful service by store personnel who take a real *interest* in your needs . . . they're local people . . . your neighbors.

ONE of the very first organizations to display this symbol of the industrial "New Deal" was the J. C. Penney Company.

To qualify required no great preparation . . . no drastic "reorganization." For the Penney stores had been conducted on N.R.A. principles ever since the first of these stores was founded . . . back in 1902.

At Penney's the "New Deal" is actually thirty-one years old! For many of the fundamentals on which this national association of locally operated stores rests are strikingly similar to those of today's great governmental program.

J. C. Penney's idea was simple. Employees were to have a chance to share in ownership. Wages would provide for real living, not bare existence. Each sale would show a small profit, but there'd be many sales. Merchandise would be plainly marked, sold for just what it was. Experience would be pooled to develop operating efficiency at rock-bottom cost. Waste would not be tolerated. Commonplace phrases today . . . but "revolutionary" in the mercantile world of 1902!

The Penney "New Deal" *worked.* More and more stores were required to supply the needs of a buying public that, almost for the first time, was actually *sharing* in economies of operation.

Penney values simply could not be duplicated. For serving (not dominating) these stores was a skilled and experienced central buying staff that *knew* values and where to find them.

Today there are nearly fifteen hundred Penney stores, living proof that the principles for which the "Blue Eagle" stands are sound, that the difficulties can be overcome, that cooperation will make such a plan win out.

That's why the J. C. Penney organization believes in the "New Deal." It has seen it at work for 31 years!

MORE PLOW UP-MONEY

While over in County Farm Agent Jack McCullough's office Tuesday morning, six different groups of cotton plow-up checks were received from Washington. The checks totalled 293, amounting to $51,023. Immediately, the county agent and other workers, who are assisting in disposal of these checks, got busy, posting the names of the farmers and getting notices in the mails notifying them to come in for their money, a reward for helping the government in the cotton acreage reduction movement.

COMMENDABLE

If you want to see a busy scene, you should visit in the county agent's office, especially on Saturdays, First Mondays or other busy days and see hundreds of farmers coming in for their plow-up money, with the agent's force distributing the checks in speed-like fashion. Dishing out more than 4,000 checks, totalling approximately $700,000—without making a bobble—is a man-sized job, if you ask us, and Agent McCullough and his helpers are certainly doing a highly creditable job in this wise. They deserve the commendation of every Collin countyite for the splendid manner in which they have distributed the several thousand of dollars to worthy farmers of the county.

THE "MARRYING JUSTICE"

It begins to appear as though Justice of the Peace Erwin Craus will gain recognition as "the marrying justice." Since repeal of the gin marriage law, our justice and all McKinney ministers have noted a great pick-up in uniting in marriage couples from far and near. One Saturday recently Justice Craus performed six marriages in the courthouse. Last Saturday he united in marriage three more couples. Likewise, during the week, he is constantly called upon to perform this sacred and solemn ceremony. The same holds true for local ministers, who report large numbers of young couples hunting their homes at all hours of the day and night to be made man and wife. Col. Dan Cupid, it seems, has sensed that Old Man Depression is on the run and is shooting his darts, hither and yon in lightning-like fashion among young lovers in Collin county.

A friend wants to know "Why some folks go to the theater to hold a conversation." Frankly, we don't know. We thought that when the talkies came into prominence, reading of titles aloud and holding conversations would be stopped once and for all. "This is not so, however," our friend continues, "for I went to the theater the other night and had a greater portion of the main picture ruined because two persons in the theater carried on an incessant conversation just in front of me."

An authority has said that the first cold spell of the season will rid us of the gnats and mosquitoes. Both these pests have been making life miserable for all of us at times in recent weeks and we're sure everyone would feel like shouting if these insects suddenly made their departure for parts unknown.

WHERE YOU'LL FIND THEM

From all indications, if you want to get in touch with any McKinneyites Friday night, you'll find them out at Newsome field witnessing the McKinney-Sherman football game.

DR. W. S. WYSONG AND SON BACK FROM CHICAGO

DR. W. S. WYSONG

Dr. W. S. Wysong and son, Dr. Scott Wysong, the latter house manager of the Jefferson Davis Hospital, at Houston, arrived in McKinney, Sunday, from Chicago where they had been for several days, attending the American College of Surgeons annual meeting, October 9-13. Some of the most noted surgeons of the world were present and a profitable program of lectures and clinics was carried out.

Dr. W. S. Wysong, a native of this county, is an outstanding surgeon and physician of our state. His oldest son, Dr. Scott Wysong, is following in his father's footsteps as a physician and surgeon. A few months ago he finished his internship after which he was given his present position as house manager of the Jefferson Davis hospital, Houston, one of the largest charity hospitals in the South.

Dr. Wysong's second son, Dudley Wysong, took his pre-med course in the Texas State university which he finished in June and is now in his first year at Tulane at New Orleans to complete his course in medicine.

Charley, the youngest son of Dr. and Mrs. Wysong, is a sophomore this year at Texas State university, also pursuing a pre-med course. All three of these fine, young McKinney boys are promising young professional men, who have already fitted themselves or are preparing themselves for service to humanity in the noble profession in which their father is so preeminently distinguishing himself.

41,034 BALES COTTON GINNED PRIOR TO OCT. 1

A total of 41,034 bales of cotton had been ginned in Collin county prior to October 1, of this year, as compared with 32,781 ginned to the corresponding date last year, according to Mrs. Oscar George, newly-appointed cotton statistician for this county. These figures reveal that up to October 1, 8,253 more bales had been ginned in this county during the present season than last, despite the recent plow-up program, when approximately one-fourth to one-third of the county's crop was plowed under.

In the plow-up program, Collin farmers have already received more than a half million dollars for their participation in the reduction acreage program.

WEST COLLIN HIGHWAY WORK PROGRESSES

Some very excellent work is being done by the Collin County designated highway Maintenance crew under foreman Gene Baldwin on Highway No. 116, south from Celina to Painter Creek. The grade of that road is being raised and the surface is being re-rocked. Highway No. 116 extends clear across the western part of this county from the Grayson county line through Celina, Prosper and missing Frisco a short distance just to the east and going on into Dallas. This important state highway parallels the West Collin and East Denton county line about at a distance of about 4 miles.

Mr. Baldwin is also working on Highway 24, extending from McKinney for six or eight miles westward towards Frisco.

Mr. Baldwin has also recently had his crew to do some mighty good dirt and bridge work on Higaway 78 for a distance of a little more than a mile and extending to the Fannin county line. This is a new road with a 100-foot right-of-way which was badly needed on the route of Highway 78 that extends through Blue Ridge, Farmersville, Copeville, Lavon, Wylie and Garland.

G. R. HOGUE DIED SATURDAY AT IOWA PARK

G. R. Hogue, 79, veteran North Texas business man, farmer and ranchman, died at the family home at Iowa Park, Saturday morning, October 7. His funeral services were held on Sunday following at the First Methodist church, Iowa Park, conducted by his pastor, Rev. Cicero B. Fielder, who was formerly pastor of the Methodist churches at Weston, Frisco, Van Alstyne and Farmersville. Mr. Hogue was a native of Virginia who had been a resident of Iowa Park for fourteen years where he was engaged in the mercantile business for several years and also was a ranch owner. He is survived by his wife, who is a daughter of the late Mrs. Killis Quisenberry of the Lebanon community, and who is a sister of the late Mrs. Nat Rector of Rector, Denton county. Mr. Hogue and wife owned a farm near Frisco for many years before moving to West Texas. He is also survived by three sons, William R. Hogue of New York City; Edward A. and George Hogue, both of Iowa Park, and three daughters, Mrs. C. J. Simpson of Greenville, Texas; Mrs Harry Bower and Mrs. Elmer Puccini of Uvalde, Texas. Mr. Hogue and wife are distinctly remembered by a few of the older living settlers of our city and county especially in West and Southwest Collin.

FUNERAL OF MRS. W. B. HOLMES HELD WEDNESDAY

Largely attended funeral services for Mrs. Della May Holmes, wife of W. B. Holmes, were held at Clearlake Wednesday afternoon at 2:30 o'clock, conducted by Rev. Elmer Douglas. Interment was made in the Clearlake cemetery with John K. Wilson, undertaker, of Princeton in charge.

She passed away at 8:00 o'clock Tuesday morning, October 10, after having been ill at the McKinney City hospital for approximately two weeks.

She is survived by her husband and five children as follows: Emma Leila, Paul, S. L., Bertha and Walter B., Jr. Two children died in infancy.

Sam P. Sproles, 3534 Meadowbrook, Fort Worth, arrived in McKinney Monday to attend the bedside of his brother, Sherwood G. Sproles, who was critically ill and who died early Tuesday morning at the home of their sister, Mrs. W. A. Jackson and husband, 511 West Erwin street. Livestock Judging Team From M. U. At Moritz Farm

Seven members of the University of Missouri livestock judging squad and their coach, D. C. Chittenden, visited at the Grover Moritz farm, near Cairo, for practice judging on Randolph County 4-H club fat steers. They spent considerable time examining nine 4-H club steers in preparation for future judging contests.

The team members were accompanied to Cairo by Howard Moritz, son of Mr. and Mrs. Grover Moritz, who this year is a freshman in the Missouri College of Agriculture. Howard has been a 4-H club member four years and in 1931 was named junior chairman showman at the American Royal Livestock Show at Kansas City. He is majoring in animal husbandry at the university.

Edward Dickerson of Huntsville was one of the team members who visited the Moritz farm. Others were Glen Mutti, Don Nichols, James Scammon, Ralph McGill, A. C. Brown and Carl Humphrey.—Mointor-Index and Democrat, Moberly, Mo.

The above news item in the Monitor-Index and Democrat, Moberly, Missouri, will be of interest in McKinney where Mrs. J. E. Wilson, mother of Mrs. Grover Moritz and grandmother of Howard Moritz resides. Mrs. Moritz has two sisters, Mrs. Rufus A. Furr and Mrs. Otis Nelson, also living here in McKinney. Mrs. Moritz was formerly Miss Grace Rice, who was born and reared here. Her son, Howard, is making quite an enviable reputation in his college work and as a 4-H club boy. As stated in the Missouri paper, he was the Junior Champion Showman at the American Royal Livestock show, at Kansas City, in 1931. He has three brothers who are also active, young livestock boys, and all active in 4-H club work. Their father, Grover Moritz, is one of the leading Black Angus cattle breeders of the country and judges a number of the big shows over the country every year.

STATE HIGHWAY WORK PROGRESSES UNDER BALDWIN

A representative of this paper recently enjoyed an afternoon's trip with Gene Baldwin, the efficient foreman of the state maintained highways of Collin county over Highway 24 to Farmersville and thence to Copeville, Lavon and Wylie on Highway 78. Mr. Baldwin's men were at work on Highway 24 from the East McKinney city limits for five or six miles east in preparing the road for the reception of several cars of cutback asphalt oil. The application of this treatment will hold down the dust, protect the gravel from blowing away and making a smooth, hardtop for travel over it. The application will commence at the end of the city paving on East Greenville street. This cutback asphalt oil will be applied with a distributor.

It looks to us like it would be economy for the taxpayers to have every graveled road hard-topped or asphalted. It makes a better road and prolongs the life of the gravel by holding fast on the highway, thus giving the taxpayers more for their money after building such types of public roads.

W. B. (Bartow) Chapman of Denison was in McKinney Monday. He states that he and his good wife and four fine little sons are expecting to move back to Collin right away. He was looking for a desirable rent house in McKinney. Mr. Chapman and wife were both born and reared at Prosper where they lived until a few months ago. They have a host of McKinney friends. Mr. Chapmon was Post Commander of Jimmie Geigas Post, American Legion, up until the time he moved out of the county last summer and resigned.

Bailey Penland and wife, a young farm couple living three miles northwest of Frisco, are the proud parents of a ten-pound daughter, who was born the other day.

FUNERAL OF LATE J. L. MELL AT CHAMBERSVILLE

BY MRS. O. S. SCOTT

Our community was bowed in sadness Thursday when the news quickly spread from home to home announcing the passing of J. L. Mell, one of Chambersville's prominent citizens, neighbor and friend, which sad event occurred at 11:45 p. m. Wednesday, Sept. 27, after an illness extending over a period of months. He had been critically ill the past several weeks of heart trouble and other complications, but the skill of able physicians together with all that could be done by the loving hearts and tender hands of the devoted wife, sons and daughter could not avail in saving his precious life, which ebbed peacefully out at the above stated hour, on the vast ocean of eternity, where human suffering, sorrow and heartaches at parting are known no more.

Funeral services were held at the family residence Thursday afternoon at 4 o'clock, conducted by Rev. Guy F. Jones of Dallas, a warm personal friend of the family assisted by Rev. Thomas Sterek of Anna in the presence of a large concourse of friends and loved ones gathered to pay their last respects to the deceased.

Rev. Mr. Jones touched the high points in the life of his friend. Joseph Leonard Mell was born in Mason City, Ill., August 25, 1869, being the son of Mr. and Mrs. E. J. Mell. He was a graduate of Illinois university. In early manhood he went to Abbott, Miss. On November 19, 1901, he was happily united in marriage to Miss Marie Ivy of West Piont, Miss. The heartbroken widow survives. To this union were born four children: J. L. Mell, Jr., of Austin; C. I. Mell of Tulsa, Okla.; Miss Mildred Mell at home and Guy Mell, who preceded him in death six years ago. One grandchild, Nancy Jo Mell, also survives.

A quartet composed of Clarence Cox, Mrs. F. W. Thompson, Raymond Dickerson and Albert Dickerson sang two of his favorite songs, "Sometime We Will Understand," and "Beautiful Isle of Somewhere."

Interment was made in the Melissa cemetery by the side of his son. The grave was covered with beautiful floral offerings, attesting the love and esteem in which he was held.

Active pallbearers were: A. L. Burnside, O. S. Scott, J. J. Allen, F. H. Priest, J. T. Burton, J. R. Frisby. Honorary pallbearers were his many friends.

The C. C. Harris Funeral home was in charge of funeral arrangements, as friends viewed for the last time the body it seemed that death smoothed the face of all trace of suffering and he was peacefully sleeping.

The deceased came to Texas in 1906 and bought the Kendall farm near Chambersville, where he engaged in stock raising and farming until his health began to fail. He was a life long member of Masonic lodge. He is survived by two brothers, J. D. Mell of Santa Fe, New Mexico; F. G. Mell of San Jose, Ill.; and one sister, Mrs. F. S. Baldwin, of Berkley, Calif.

The deceased was ever the friend of public education, as well as the friend of the church. All of his children have secured college and university educations. His character was remarkable for his integrity, strength of mind and never failing cheerfulness, always holding high his ideals, speaking fearlessly his convictions. He was an ardent champion of temperance, a relentless foe of evil and wrong-doing, despising sham and hypocricy.

The term that best describes his life is devotion. Joe Mell was devoted to the highest ideals and this devotion was manifest in his every relationship. To his parents he was a devoted son, to his wife a devoted companion, to his children a devoted father, to his neighbors a devoted friend and to the community a devoted citizen. His life was an open book. He lived his religion and was ready when the Master's call to join his [illegible] Guy, whose name was [illegible]

PASSING OF R. E. L. MONTGOMERY AT HOME IN WACO

HIS SON LOCAL MANAGER RAILWAY EXPRESS AGENCY

The following news item on the death of Robert E. Lee Montgomery, who died Friday, October 6, in Waco, and who was buried there the Sunday afternoon following, is taken from Waco Tribnume-Herald of Sunday, Oct. 8, issue. The deceased and wife for several months visited in McKinney, where they have a son, R. C. Montgomery, local manager of the Railway Express agency. During his visits here Mr. Montgomery made many friends in McKinney who regretted to learn of his death. The article follows:

With the burial of Robert E. Lee Montgomery Sunday afternoon, following his death Friday at midnight, Waco mourns the loss of a man who for more than a score of years' residence in this city took a leading part in all its progressive activities.

As a director for 17 years in the Waco Chamber of Commerce, as auditor and finance chairman for numerous Community Chest, Liberty loan, Baylor university drives and other efforts to obtain funds for worthy causes and as a member of more than 30 years' standing in the Knights of Pythias, Mr. Montgomery in his passing leaves vacant a post which he filled with dependability and responsibility constantly since his coming to Waco in 1911.

In respect to his memory, directors of the Chamber of Commerce are to attend funeral services in a body at the First Presbyterian church today at 3:00 p. m. They will assemble at Compton's funeral home at 2:15 p. m., going to the church in a body where special seats have been reserved for them. Dr. C. T. Caldwell will officiate at the funeral, with interment following in Oakwood cemetery, Compton in charge. Mr. Montgomery died at his home, 723 North Sixteenth street, following an illness of a year and a half.

Besides his widow, Mr. Montgomery leaves two children, Raymond C. Montgomery and Mrs. C. S. Farmer; four grandchildren, Shuford Lee, Louise and Beryl Farmer; and Raymond E. Lee Montgomery.

Born near Sweetwater, Tennessee, March 15, 1865, Mr. Montgomery grew to manhood in Tennessee, and began a business career with the Wells-Fargo Express company September 29, 1889, in Dallas. He retained his connection with the express business during his entire lifetime, serving Wells-Fargo company in various capacities at Dallas, San Antonio, Calvert, Paris, Stamford, New Orleans and Waco. He came to this city to live in 1911, bringing with him his family. His wife, the former Miss Ross Middleton, he married at her home in Winnfield, Kansas, forty-two years ago.

When Wells-Fargo company was merged with American Express, Mr. Montgomery became general agent of the new company, known as American Railway Express company, and when the name was changed a few years ago to Railway Express agency, he retained his position.

Connected with the Waco Chamber of Commerce as long as he lived in Waco, Mr. Montgomery was on its directorate 17 years, served as chairman of finance and took part in all the Liberty loan drives during the World War; was chairman of auditing in the drive for funds for Baylor university and in Community Chest drives. He had held office with the local Red Cross chapter, was on the Texas Cotton Palace board for 15 years, during which time he had charge of all ticket sales, and directed the handling of large crowds in the coliseum and at other events of the exposition. He was a member of the Knights of Pythias, serving at one time as their grand representative and as member of its state judiciary committee. He also held membership in the Traffic club.

Pallbearers will be B. B. Cobb, Tom Duffy, Baker Duncan, W. V. Crawford, E. C. Barrett, C. L. McKenzie of Houston. A number of express company officials are expected to attend the services. Honorary pallbearers, members of Mr. Montgomery's family announce, will be all of his friends.

In recognition of his patriotic services, a military escort in charge of Capt. James C. Reed, natonal guard instructor, will attend the funeral. City Manager E. E. McAdams announced that the city hall flag will be at half mast, Sunday in honor of Mr. Montgomery.

Mayor G. H. Zimmerman, who returned to Waco Saturday, learned for the first time of the death of Mr. Montgomery. "Waco has lost one of its most conscientious civic workers," he said, "And the city grieves with the family over the loss."

Mrs. Leo Haney of Kilgore is spending two weeks with her mother, Mrs. M. O. Perry, at Allen and her sisters, Mesdames Glen Scott and Edward Bolger, in this city.

Mrs. H. H. Norwood and Mrs. J. Frank Harrington attended the Presbyterian council meeting in Ennis Tuesday.

BROTHER OF MRS. W. A. JACKSON AT WHOSE HOME HE DIED

Sherwood G. Sproles, aged 61 years, 5 months and 7 days, died at 7:50 o'clock last Tuesday morning, October 17, after a protracted illness at the home of his brother-in-law and sister, Mr. and Mrs. W. A. Jackson, 511 West Erwin street. The deceased had been in frail health ever since a major surgical operation for gall stone that he submitted to seven or eight years ago.

Sherwood G. Sproles was born at Mossheim, Green county, Tennessee, May 10, 1872, being a son of James and Martha (Edwards) Sproles. When a child of only about twelve, his mother, brothers and sisters came to Texas and landed at McKinney. They lived first on the farm of the late Dr. Feland in the Bois d'Arc community. After becoming grown he worked in an ice plant at Greenville and then engaged in the oil mill and later the grocery business and still later lived for several years in Arkansas where he still owns a farm and apple orchard.

Homer Nelson, Route 1, Clearlake, is another late addition to the Weekly Democrat-Gazette. He also takes the Semi-Weekly Farm News at clubbing rate, getting two papers—each a dollar per year, but when taken together, getting both for only $1.50. Mr. Nelson is a tenant on one of Add G. Wilson's farms. He made a fairly good crop this year, getting a little better price for what he has raised and is duly thankful for these improved conditions.

Albert N. Jackson and young wife of Dallas were six o'clock dinner guests of his mother, Mrs. Pearl Jackson, and his grandmother, Mrs. M. M. Nelson, at the latter's home corner of North Church and West Hunt streets Friday evening, October 13, which was the birthday of his mother. His uncle and aunt, Mr. and Mrs. J. R. Dillow, were also guests at the dinner. Mr. Jackson is a native of McKinney. He is university educated and a newspaper staff writer on the Dallas Times-Herald. He also has had law training. His father, the late T. S. Jackson was a McKinney lawyer.

G. W. Webb of the Lowery Crossing community has our thanks for a Weekly Democrat-Gazette subscription for a year in advance that he is sending to Miss Bernice Webb, Ponder, Denton county, where she is teaching school. Mr. Webb subscribed for our paper for his daughter through Rev. M. F. Wheeler of McKinney who delivered the first sermon that was ever preached in the church near Mr. Webb's home. He is gretly beloved by the Webb family.

NEARLY $600,000 IN COTTON CHECKS RECEIVED HERE

Additional checks to farmers in Collin county who cooperated with the Federal government by plowing up from twenty-five to fifty per cent of their 1933 cotton crop, are coming in rapidly, according to County Farm Agent Jack P. McCullough, through whose office they are distributed.

Checks, numbering 295 and amounting to $51,023, were received at the agent's office Tuesday morning. The agent and his helpers were kept busy throughout the morning posting them and getting notices of their arrival in the mails.

This brings the total amount of checks received to approximately 3,700 with over $571,000 in money received. There is approximately $150,000 yet to come in, according to Agent McCullough.

COMM. SPAIN BUILDS 2 MILES OF GOOD ROADS

County Commissioner J. Wilson Spain has had his road building crew camp located in the edge of Wylie for the past few weeks.

Recently he has had his outfit grading and graveling a public road crossing Highway 78 at right angles a little more than a mile south of Copeville. The money with which this work is being done comes from revenue of Copeville good road district. This new road extends about a mile east and a mile west of Highway 78, affording an outlet for several farms, farmers and tenants to get out to market and to their trading points in all kinds of weather. J. Wilson Spain was with his crew personally working when this editor happened along in the middle of the afternoon one day recently. A big caterpiliar tractor was operating the grader in ditching and grading this blackland and putting it up in fine shape. Other workmen and trucks were busy finishing up the road as fast as possible.

Commissioner Spain told us that he was doing some farm terracing for farmers in his district as he had opportunity this fall. This is in accordance with a law enacted a year or two ago by the State legislature authorizing County and Road crews and Commissioners to do terracing for farmers in their districts who desired it and were willing to pay a reasonable amount for same for expenses that the county goes to in doing the work. Commissioner Spain states that his big caterpillar tractor and grader, when operating for farmers in terracing, makes a charge of only $2.50 per hour. This is much cheaper than farmers can build their own terraces. Then, it is done more efficiently and durably than where terraces are builtwith lighter farm-owned equipment.

WYLIE'S NEW POSTMASTER IS BUSINESS WOMAN

While in Wylie recently, this editor called at the post office where he found Mrs. W. Fred Duncan, the recently appointed postmaster, at that splendid little Southeast Collin town, quite busy with her duties, distributing mail and obligingly waiting on patrons as they called at the delivery window for their mail. Mrs. Duncan is well qualified for discharging the duties of the postmastership in a satisfactory way to both the government and the office patrons. She has a smile and pleasant word for everyone appearing at the window and asking for their mail.

Mrs. Duncan has had considerable experience as a business woman, including editing the Wylie paper for sometime. For several years she has also been a faithful Red Cross worker at Wylie. Miss Emily Latta assists Mrs. Duncan some in her postal duties when needed.

Mrs. Duncan's husband is a very busy attorney who practices in each of the courts at McKinney, Dallas, Rockwall and Greenville, but who has long maintained his home and office at Wylie. No finer people anywhere than W. Fred Duncan, wife and their lovely young daughter.

COLLIN COUNTY'S LARGEST PECAN ORCHARDS ARE LOCATED AT LAVO

Perhaps the largest pecan orchards in the county are those owned by D. P. Brown of Lavon in the Southeastern part of Collin county.

He has two of them—one of 50 acres, in East Fork bottom, southwest of Lavon on which there are 660 thrifty young trees growing and one of 35 acres north of Lavon on which about the same number of trees have been set out.

These trees are about six or seven years old. They were about two years old when they were set out and Mr. Brown seemingly is giving them the best of intelligent care and attention. He keeps the land as clean as possible and some of it is cultivated. One tract has row crops growing in it, and the other is a Johnson grass meadow.

These young pecan trees are of the improved variety of this favorite nut.

J. E. (Dick) Smith of Lavon, who helped set the trees out, told this editor that three-foot square holes were dug three feet deep in which the young trees were planted. Good surface dirt then filled in on their roots.

Some of the young trees are ready beginning to bear a few on them so we were told.

Mr. Brown, the owner, is brother of R. L. Brown, for prominent Lavon business man for several years past living Muleshoe in Bailey county in West Texas Plains country.

Some of the most fertile waxy farmland in the state, is be found in the Lavon section the county. Pecan is a na wood growth in this soil and do less Mr. Brown will, in the co of the next few years, reap a merited financial reward from foresight, industry, enterprise investment of both intelligent and money spent in planting developing his pecan orchard

Both of Mr. Brown's young can orchards are located on S Highway No. 78 and they n fail to attract the interest of traveling public over that lar used Southeast Collin S thoroughfare.

SOUTH WILCOX METHODIST CHURCH IS BRINGING TO A CLOSE BUSY YEAR GOOD WORK

REV. E. B. JACKSON CLOSING OUT THIRD YEAR AS PASTOR—CHANGED IT FROM THREE POINT CIRCUIT TO FULL TIME CHARGE—OFFICIALS NAMED AT FOURTH QUARTERLY CONFERENCE FOR NEXT YEAR.

Rev. E. B. Jackson is closing up his third year as pastor of the South Wilcox Street Methodist church of this city. Dr. H. T. Ryan, presiding elder, preached at his church at 7:30 o'clock Sunday evening and held the last quarterly conference.

When Rev. Mr. Jackson was sent to this local church, three years ago, it was a preaching point on a three-church circuit. He immediately organized the work so as to make South Wilcox Street a full time charge. His consecrated life and beloved personality along with his good preaching and tireless work, made his advancement the outstanding feature of his three years' pastorate. The Sunday School doubled in membership, the Epworth League has been developed until it is probably now the leading young people's organization of any church in the district. A total of sixty-five gain in membership has been made under Rev. Mr. Jackson's pastorate and more than a hundred additions in all have been received by him.

Stewards and other officials elected for the ensuing year at the last quarterly conference just held preparatory to the convening of the annual conference at Denison, October 25, are as follows:

Stewards—John H. Holloman, J. T. Ford, O. B. Davidson and Miss Venita Beard.

Trustees—J. W. Davidson, H. G. Furr and M. H. Porter.

Sunday School superintendent—Miss Betty Holloman.

Recording Steward—Miss Susie Holloman.

Chairman, Stewardship Committee—Mrs. M. H. Porter.

Chairman, Missionary Committee—Miss Hazel Wilson.

District Steward—J. W. Davidson.

Chairman, Golden Cross—Mrs. John H. Holloman.

Rev. Mr. Jackson has had twenty-two years activity in the ministry, holding six pastorates during that period. Three of these pastorates were for four years each and three were for three years each.

During his three years pastorate at McKinney he has been led on to hold seventy-five funerals within the bounds of his present church work and where he formerly served as pastor. During the same time he has officiated at many weddings here and elsewhere that he had formerly served as pastor.

Rev. Jackson says that he has enjoyed his work with the South Wilcox Street church and his contact with the members of the other Church and other churches and the people generally of our city during the thee years that he has been here. Of course, he doesn't know where the bishop will decide to send him next year, but he is a typical Methodist pastor, willing and happy to go anywhere that his church authorities think he can render the best service. If he should be sent elsewhere, he will go with sincere regrets at having to sever the present very pleasant relations that he sustains to the people of McKinney and discontinuance of his labors as spiritual leader of the South Wilcox Street church, and also the pleasant associations he has had with all the other pastors of our city and people generally.

Rev. Mr. Jackson is also happy over the recovered health of his good wife since coming to McKinney. When they moved here three years ago she was a very sick woman with a chronic ailment that a McKinney physician has been able to master and cure.

More Plow-Up Cotton Checks Received Here

Announcement was made here Saturday by County Farm Agent Jack McCullough that 267 additional cotton checks, totalling $44,164, had been received by his office Saturday for Collin county growers, who participated in the government's cotton acreage reduction program.

This brings the amount of checks received here to approximately $520,000 or over a half million dollars, over 3,400 checks having already been received. This leaves approximately 900 checks and $200,000 yet to be received in this county.

Agent McCullough explains that the checks, for the most part, are getting larger in denomination, the government having sent out the smaller denominations first, saving the larger ones toward the last of the campaign. One check alone received Saturday totalled $1,024, with several approaching the $1,000 mark. One was received here recently, amounting to between $1,400 and $1,500.

Names of all the farmers, whose money came in Saturday, have been posted, and the farmers notified by Agent McCullough by mail. All day Saturday the bulletin board in the lobby of the courthouse was being eagerly scanned by hundreds of farmers, anxious to find out if their cotton plow-up money had been received in today's allotment of Federal aid.

C. T. Cramer, Route 1, Allen, has our thanks for a dollar for the Weekly Democrat-Gazette for the ensuing twelve months. He is a brand new addition to our growing subscription list.

BUSINESS MEN STAR IN RITZ ENTERTAINMENT

The Ritz theater was filled almost to capacity Thursday night when "The Womanless Tea," a farce in two acts, was presented under the auspices of the Social Workers of the First Methodist church. The play was directed by Miss Lillian Lurditt of Cleburne, who wrote this play and has had same copyrighted. She also writes other skits, plays, etc.

The production was a scream from start to finish, as well-known business men of our city appeared on the stage in woman's toggery. Ted Gelino was most gracious as the hostess, being assisted by her charming daughter, "Energine," played by Roy Roberts, in receiving the guests and pouring tea from the dainty teapot. Among the guests of honor, attending this lovely tea party, were Paul Wilson, as Mrs. Ferguson; Choice McClure, as Mrs. Henry Ford; Earl Walker as Mrs. Al Smith; Tom Hughston, as Mrs. Paderewski, who gave a piano selection; Elton Riggs, as Greta Garbo; W. W. Hall as Mae West; Wilbur Taylor as Clara Bow; Warren Cobb, Ed Runnion and Byron Hope, the bathing beauties; George Reinhardt and W. Along with this splendid stage production was the picture program featuring Richard Dix in "No Marriage Ties."

CELINA HOST TO COUNTY-WIDE P.-T. A. MEETING

A profitable all-day meeting of Collin County Council, Parent-Teacher association, was held in the high school building at Celina Saturday, the meeting opening at 10 o'clock. This was the regular quarterly session, at which about sixty delegates and visitors were in attendance.

Mrs. J. E. Blackburn of Farmersville, county president, was in the chair, presiding over the day's program.

Rev. W. J. Epting, pastor of the Celina Baptist church, gave the morning invocation after which a sing-song was enjoyed, under the leadership of Prof. Joe Chapman, superintendent of the school.

Mrs. Lee Owensby, president of the Celina P.-T. A., and Prof. Chapman, spoke words of welcome to the visitors, to which Mrs. Blackburn graciously responded. Mrs. R. M. Carter of Sherman, president of second district, was the principal speaker of the day, bringing an informative and interesting address on "Legitimate Activities of Parent-Teacher associations."

Other features of the day's program included special music by thirty primary pupils of Celina, formed a child's band and gave several interesting numbers, under the direction of their teacher, Miss Newsome. This novelty number was greatly enjoyed by the ladies inattendance. Mrs. Guy Bunch of Celina also delighted the audience with a solo, the P.-T. A. song "A Little Child Shall Lead Them," responding to an encore with "Braham's Cradle Song."

At noon a delicious basket lunch was spread in the basement of the school, for the enjoyment of all.

SOME DELICIOUS APPLES FROM WASHINGTON

SENT TO SISTERS IN McKINNEY BY EDWARD SHAW

These editors greatly appreciate the gift of some of the finest apples we have ever seen, grown in Walla Walla, Washington, graciously given us by Mrs. Parker Watson of this city. The box of these apples was sent here by her brother, Edward Shaw, who has lived in that Northwestern state for the past twenty years or more. The delicacy was sent to his sisters, Mrs. Parker Watson and Mrs. W. H. Shaw, both of McKinney, and also to another sister, Mrs. W. B. Kight of Shreveport, Louisiana.

The apples were grown in the picturesque Blue mountains of the state of Washington and are as beautiful to gaze up as they are delicious to the taste. Naturally, such a rememberance from this former McKinney man is greatly appreciated not only by his sisters but also by these editors who were permitted to share in the rememberance.

Edward Shaw is a former McKinney boy, attending school here and graduating from business school. The last time he and his wife visited here was about fifteen years ago. Although he does not get to visit his old home town often, yet he still holds in his heart fond memories of a happy boyhood spent in McKinney where he still has a host of friends residing.

J. M. Woody On Visit From His Dalhart Home

Our good friend, J. M. Woody, who lives eighteen miles from Dalhart, motored down to McKinney, going on down to the State fair, as well as attending to business matters in Fannin county. He was accompanied by his daughter, Miss Marie, and Misses Mildred Dirks and Ruby Nell Neal. Miss Marie Woody and Miss Ruby Nell Neal attended school in New Mexico. Mr. Woody moved to Dalhart four years ago. No rain has fallen, except a few showers, in that part of the country since June of last year. They have no crops, except a little feed stuff, here and there. Mr. Woody likes the West fine, stating he would like for it to rain once in a while. He is a fine man and when he moved away, Collin county lost a good citizen. These editors appreciated his visit.

HARRIS FUNERALS IN EVERY NEIGHBORHOOD

A large number of families in McKinney and surrounding territory would never think of calling any one else, but Harris for funerals.

These families are located far and near but Harris' service does away with the question of distance because they have the equipment and "KNOW HOW."

These families know that a "funeral by Harris" is the deepest proof of their final devotion. It is this large number of families that has made Harris' service so thoroughly established.

Harris' funerals are famous for their unusual arrangement and direction and are unsurpassed in service and equipment. They are evidently different and satisfying.

So no matter where you live or your distance away, call Harris, of-course!

There will be no regrets.

Greenville Hi Defeats Lions; Score 34-0

Backed by several hundred of their faithful followers despite threatening weather, the McKinney High Lions journeyed over to Greenville Friday night to do battle with the Greenville High Lions and came back home with a 34-0 defeat. However, the McKinney team played a jam-up good game and managed to complete an almost unbelieveable number of passes on such a wet, soggy and muddy gridiron as Phillips field proved to be Friday night. At the beginning of the second half a dense fog settled on the field, making playing conditions even worse.

Greenville for the most part resorted to smooth clicking line plays off of the unorthodox formation which Coach Henry Frnka their mentor and former Austin College star, has developed. Bo Bird, Scott Marshall, Luckett and Hemsell led in this attack, which netted two touchdowns, one in the second and one in the third quarter. All Greenville's touchdowns came by the air in the fourth quarter. One was a long pass when carried almost to the McKinney goal line while the final two markers came on intercepted McKinney heaves.
